Business Process Model Legend

Event Symbols

Start, End, Intermediate, Timer, Error, Message, Signal, Conditional, Escalation, Compensation, Multiple

Sequence Flow

Task Symbols

Standard Task

Standard Task Step w/ In-Business Rules

This event may represent a start, end, message, timer or link.

This is a task that captures specific actions or series of actions. This task may be constrained by, or related to, zero or more business rules.

Gateway Symbols

Data Object

Gateways represents the next task, or step in a process. They may represent fork, joining/splitting multiple flows or show alternate flows.

This is a data object which captures information exchanges (i.e., inputs, outputs) used by task. This symbol can represent an electronic or physical data object.

Refer to http://bpmb.de/psrw/ for more comprehensive BPMN symbology and definitions.
